

Experience Certificate

This is to certify that **Eng. Ahmed Monir Al-Massri** has served during the **First Semester of the Academic Year 2024–2025** as a member of the teaching staff in the **Computer Engineering Department** at the **University College of Science and Technology – Khan Younis (UCST)**.

His service took place under the exceptional circumstances that the Gaza Strip experienced during the wartime period, during which he contributed directly and effectively to ensuring the continuity of the educational process for diploma students.

He was assigned to teach the following courses:

1. **Computer Logic Design 2 – (DCOMP2205)**
2. **Computer Logic Design 2 / Lab – (DCOMP2104)**

During his assignment, he performed the following academic duties:

- Designed and prepared the course plan, learning outcomes, and syllabus structure.
- Delivered theoretical lectures and conducted practical laboratory sessions in accordance with the approved curriculum.
- Developed comprehensive instructional materials, including presentations, notes, and applied problem-solving exercises.
- Provided interactive explanations and practical examples that enhanced students' understanding of digital logic principles and concepts.
- Maintained a high level of professionalism and contributed significantly to the success and continuity of the educational process under emergency conditions.

This certificate has been issued upon his request, without any liability on the College.

Issued by: Head of the Department of Engineering Sciences and Applied Arts.

Prof. Dr. Mahmoud Waheed Seidam.
